FITNESS & NUTRITION CHALLENGE

NUTRITION POINTS:

***EAT REAL FOOD. MEATS, PROTEINS, NUTS, SEEDS, FRUIT, LITTLE STARCH, NO SUGAR.** ANY ONE SERVING OF ANY OF THE MENTIONED BELOW WILL LOSE ALL POINTS FOR THE CATEGORY FOR THAT DAY.

NO SUGAR: 2 Daily Points (READ Labels in full, sugar is in everything) Pure Honey and Pure Maple Syrup is allowed but recommended in moderation for optimal results. Stevia in SFH products will not cause for deduction in this category.

NO PROCESSED FOODS: 2 Daily Points

Good rule of thumb: If man made it, its in the center isles of the grocery stores, its shelf stable for years and it contains preservatives, don't eat it... beware of flavors!

NO GRAINS: 2 Daily Points Grains are very simple carbohydrates. That means they break down into sugar quickly. This causes a spike in your blood sugar levels, which in turn causes a spike in your insulin levels. High insulin levels prevent your body from burning fat because they cause your body to focus on converting the excess glucose in your bloodstream into energy and storing the rest as fat.

NO ALCOHOL: 1 Daily Point

NO TOBACCO: 1 Daily Point

SLEEP: 1 Daily Point. Sleep 8 hours a night

WATER: 1 Daily Point. Consume ½ your bodyweight in ounces of water per day.
